Important! Remember, you can extend this as needed. Don't move on to predicting until students have achieved basic mastery of summarization and questioning.

Four Square for Week Two

Question	Question
• Generate one literal question (who, what, when, where) • Generate one inferential question (why, could, would, should)	• Generate one literal question (who, what, when, where) • Generate one inferential question (why, could, would, should)
Summarize W_____: W_____: W_____: W_____:	**Summarize** W_____: W_____: W_____: W_____:
